

Request for Conditional Admission

Students not meeting the requirements for unconditional admission may be granted conditional admission. Such admission will be granted only with approval of the Dean of Enrollment Services/Registrar. Students admitted in this category are:

- Applicants from high schools not accredited by the state
- Applicants from Homeschools
- Applicants providing a diploma or transcript from a foreign high school
- Transfer applicant who does not have a 2.00 cumulative GPA {must provide ALL transcripts}
- Applicants without a high school diploma/GED who have acceptable standardized admission scores {must provide scores}

All students enrolled under conditional admission must take all required remedial courses during their first 15 hours at ASUN. Some short-term technical programs could be exempt from the prerequisite requirements; however, these programs are ineligible to receive federal financial aid. During subsequent enrollment terms, students who were granted conditional admission will be subject to ASUN's policy as outlined in the Academic Probation and Suspension section of the current ASUN Catalog.
