

Associates of Applied Science in Nursing

Spring Start-Traditional Pathway

(73 ch)

Program Description: The ASUN Associate Degree Nursing Program prepares students to take the profession nursing licensure exam (NCLEX-RN) upon successful completion of the classroom and clinical coursework. The curriculum is based on a 18-month plan for full-time students, who have completed all general education pre-requisite and corequisite courses. Students requiring developmental coursework may not be able to complete this program of study in six (6) semesters. Developmental courses do not count toward total degree hours. Students having completed college-level courses prior to enrollment will be assisted by their advisor in making appropriate substitutions. General education courses may be interchanged between semesters.

Possible Pre-requisites:

Course #	Course Title
ENG0051	Writing Seminar
ENG0053	English Fundamentals

Year 1					
Fall Semester			Spring Semester		
Course No.	Course Name	Hours	Course No.	Course Name	Hours
ENG1003	Composition I	3	NRS1109	Nursing Concepts and Experience I	9
MATH1213	Math for Health Professions	3	PSY2533	Lifespan Development	3
BIOL2404	Human Anatomy & Physiology I	4	BIOL2414	Human Anatomy & Physiology II	4
